BEAT THE BEST

1. Ages & Dance Styles

1.1 Dance Styles

- HipHop/Streetdance
- Modern Jazz
- Showdance

1.2 Age Category

- Under 8 (if there are enough registrations)
- Under 10
- Under 12
- Under 14
- Under 16
- Over 16
- 21+
- Adults Only (25+)
- Age categories may be merged if there are not enough registrations.
- Age Rule:

The age used to determine the age category is the dancer's age on **August 1st, 2027**, of the dance season. For example: if you turn 12 before August 1, 2027, you must compete in the Under 14 category for the entire season. However, if you turn 12 on or after August 1, 2027, you may compete in the Under 12 category for the entire season.

- Exception to the team age rule: a maximum of 25% of the team may be older than the age category they are competing in. For example: if there are 10 dancers in an Under 12 group, and 2 dancers are already 12 years old while the rest are 10 years old, then only 20% are older, so the age category is still valid.

1.3 Exemptions (Dispensation)

- A dancer who is younger than the age category is always allowed to participate.
- It is mandatory to be able to present a valid ID (or a copy of it) if age verification is required.

1.4 Levels

- Starter (Beginner level)
- Pre-Main (Between Starter and Main level)
- Main (Intermediate level)
- Advanced (Advanced level)

Based on the judges' evaluation, you may be placed in a higher or lower category for the next competition.

BEAT THE BEST

1.5 Promotion

- In order to maintain a fair competition circuit, all dancers in all categories who become Dutch or European champions will most likely be moved to a higher level at the end of the year, unless they are already in the highest level.
- Based on the judges' evaluation, you may already be moved to a higher or lower category for the next competition.
- If you finish in first place and have more than a 5-point difference compared to second place, you will be directly moved up to a higher category at the next competition.
- DDO reserves the right to award a team or dancer a special prize during the competition if they significantly outperform the rest. They will receive a promotion award (trophy). This helps maintain fair competition and ensures everyone competes in the correct category. If you receive this award, you will be promoted immediately for the next competition.
- DDO does not take results from other competition organizations into account when determining the level of a dancer/team.

4. Payment and Cancellation Terms

4.1 General Provisions

1. Applicability

These payment and cancellation terms apply to all competitions, contests, championships, workshops, events, and other activities organized by the Dutch Dance Organisation (DDO).

By registering via the MyDDO system, the participant, parent/guardian, coach, dance school, association, or other responsible party declares that they have taken note of and agree to these terms. Dancers under the age of 16 are required to be registered by their parents.

DDO reserves the right to amend these terms. The most recent version is always available through the official communication channels of DDO.

2. Definitions

A participant is defined as:

- Solo
- Duo
- Trio
- Team
- Double Crew
- Parent & Child
- Adults Only
- Specials
- Battle
- Other formations

A dance school is defined as:

Any organization, association, foundation, entrepreneur, or individual who registers one or more participants via MyDDO.

A responsible party is defined as:

The person who completes the registration on behalf of a participant or dance school.

BEAT THE BEST

4.2 Registrations

1 - Registration via MyDDO

All registrations must be completed through the official MyDDO system.

A registration becomes final once it has been recorded in MyDDO.

The registration in MyDDO serves as DDO's official administration and is at all times leading for:

- participant lists;
- competition divisions;
- schedules;
- category classifications;
- invoicing;
- qualifications;
- communication.

You may make changes in MyDDO up to four weeks before the competition; these changes will be leading. After this period, changes can only be made via email and the cancellation terms will apply. In case of any discrepancies between a dance school's or coach's own records and the data in MyDDO, the MyDDO data is leading.

4.3 Payment Terms

1 - Payment obligation

By submitting a registration, a payment obligation is created immediately.

Every registration that is actively recorded in MyDDO will be invoiced.

Non-participation in a competition does not release the participant or dance school from the payment obligation.

2 - Invoicing

Invoices are sent to the responsible party as registered in MyDDO, approximately four weeks before the competition.

The dance school or responsible party remains responsible for checking:

- correct invoice details;
- correct number of registrations (these can be changed in MyDDO up to four weeks before the relevant competition);
- correct categories (these can be submitted in writing via email up to two weeks in advance). We will then assess whether your team, solo, duo, etc. should be adjusted or is correct.

BEAT THE BEST

3 - Payment Term

Invoices must be paid in full within the payment term stated on the invoice. If no specific term is stated, a payment term of 14 days from the invoice date applies. All payments must always be received before participation in the relevant competition, unless otherwise agreed in writing.

4 - Late Payment

If the payment term is exceeded, the debtor is automatically in default.

DDO is entitled to:

- send payment reminders;
- send payment notices;
- charge administrative fees;
- charge statutory interest.

5 - Reminder and Administrative Fees

DDO applies the following procedure:

First reminder: Free of charge

Second reminder: €15 administration fee

Final notice: €25 administration fee

These costs are in addition to the outstanding invoice amount.

6 - Collection (Debt Recovery)

If payment is not made after reminders and notices, DDO reserves the right to transfer the claim to a collection agency or legal representative.

All additional costs, including:

- collection costs;
- statutory interest;
- bailiff costs;
- legal costs;

are fully payable by the debtor.

7 - Suspension of Participation

DDO reserves the right to refuse participation if outstanding invoices exist. New registrations may also be refused until all outstanding amounts have been fully paid.

BEAT THE BEST

8 - Chargebacks and Reversals

If a payment that has already been completed is reversed or charged back without a valid reason, the original payment obligation remains in force. It is also not permitted to adjust the invoice amount yourself.

All additional bank, administrative, and collection costs will be charged to the debtor.

4.4 Cancellation Terms

1. Method of Cancellation

Up to four weeks before the competition, you can cancel your registration(s) yourself via MyDDO. You will receive an automatic confirmation email from MyDDO. Only once you have received this confirmation is your cancellation processed (this may take up to 24 hours).

After this period, cancellations are only valid if submitted in writing via DDO's official email address.

Cancellations via:

- WhatsApp;
- Facebook;
- Instagram;
- Messenger;
- telephone calls;
- verbal communication;

are not accepted as official cancellations.

The date on which DDO receives the email or cancellation via MyDDO is considered the official cancellation date.

2. MyDDO Verification after Cancellation

After processing a cancellation in MyDDO, the sender will receive an automatic confirmation from MyDDO. If you cancel in writing via email, you will receive confirmation from DDO within 72 hours.

After receiving this confirmation, the dance school or responsible party remains responsible for checking whether the registration has actually been removed from MyDDO.

If a registration is still visible in MyDDO after confirmation, this must be reported in writing within 5 working days.

If no report is made, DDO cannot be held liable for any consequences arising from an still active registration.

- Props must fit the choreography.
- The use of liquids, gel, confetti, powder, or fire is not allowed, including during celebrations of placement or awards during the ceremony.

9.2 Wild Card for NK & EK

In some cases, the organisation may decide to grant a wild card to a participant or team that does not fully meet the required participation criteria, such as the minimum number of preliminary rounds.

A wild card is only granted:

- When there are exceptional circumstances (such as illness, personal circumstances, or force majeure).
- If the participant or coach has reported this to the organisation in advance.

The granting of a wild card always takes place in mutual agreement and with approval from the organisation. In this way, we aim to allow flexibility and customization without compromising the sportiness and fairness of the competition.

* Note: wild cards are exceptional and are assessed on a case-by-case basis. Applying for one is possible but does not guarantee participation.
